Working towards equity in postgraduate environmental research

Equator

Equator 2027 Mentoring Network

A ring-fenced scheme for ethnic minority students in the environmental sciences.

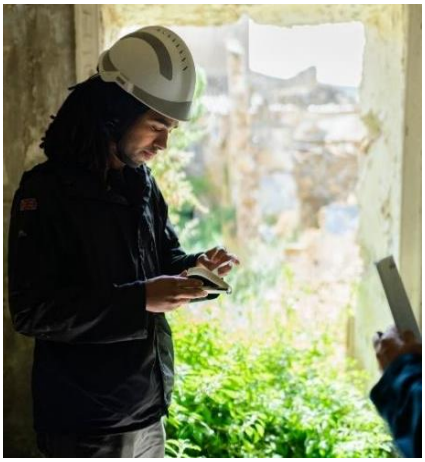

The network aims to improve student experience and retention into postgraduate environmental research, improving equity in a sector critical for the green transition.

Mentees

Will be matched with mentors with relevant lived experience for support to help them achieve their goals.

Mentors

Will share experiences and provide guidance, whilst gaining valuable skills in leadership and communication.

For eligibility criteria and to apply visit our website:

https://theequatorproject.com/mentoring-network-2027/

Please apply by Tuesday 15th December 2026
